

Meet Dr. Michael

Written by Jim Sutherland - Last Updated Wednesday, 24 June 2009 21:20

For any one who does not know Dr. Michael Johnson, a medical missionary to Kenya for 20 years, we have a section of our website [devoted to his writings](#) . He is one of the most honest, dedicated, funny, and intelligent brothers I've ever met. He has seen and death with diseases that would give me a heart attack just to look at. His wife Kay is just as dedicated. Check out his book, *Making the Lame Man Blind: What Jesus wouldn't do*

.
