This was our 11th Team trip to East Africa. We seek to serve national churches according to our spiritual gifting. All but one of the 17 days were spent in ministry or travel.

2005 Kenya Team from left: Betty Harris, Emmaline Newman, Randy Roberson, Janeen Uzzell, Nadia Terry, Rachel Grace, Hattie Riley, Jim Sutherland, Reggie Poin-dexter (Cristin Taylor was en route)

We took 20 bags to Kenya-over half of which were filled with clothing, various gifts and medical supplies

Since 1995, African Americans have gone on short-term ministries 39 times, while Whites have gone 33 times. Reggie is the first fulltime Black pastor to come with us. By God's grace, 15 Black churches have been directly represented over the years (for many, their first missionary). Many other Black churches have financially supported Team members and generously given many gifts for Africans.

Greetings in the name of Jesus. Hope you are fine, to us likewise. I want to thank God who brought you in Kenya at Bushiri. We were blessed so much through the wonderful ministry God has given you. Plus your team. May God bless you so much. We are praying for you, and your ministry for success. Greet for me those wonderful great men and women of God. Pastor O.

Dr. Michael Johnson and wife Kay serve with World Gospel Mission in Nairobi, and are outstanding missionary models. He is a surgeon and both serve orphans and street children. Here Team members see how they might assist in his work. See www.wgm.org/cms/Missionaries/cmsMissyShow.asp?did=302 about the Johnsons.

Christians at Seminars

Hattie Riley taught on the godly woman and God's character. Nadia Terry (with interpreter Victory Muzungu to her left) taught on prayer and on widows who are truly widows. Jim Sutherland taught pastors and church leaders biblical financial principles, godly church leadership and cults. Biblical teaching is especially needed in Africa. Below is the site of our Eldoret mission—Eldoret Community Bible Church, Pastor Josephat Wanyama.

Jim taught parenting to the group to the left. The previous day he taught on cults to men who joined us at this Word of Faith church in Kakamega. One of the cultic movements discussed was the Word of Faith movement. Several local pastors are now deciding whether to leave it, or to try to reform that movement (see www.watchman.org/profile/wordpro.htm) The man above right is part of "Legion Maria," which based upon information received, is a cult. The group became a case study.

Youth Ministry— Randy Roberson

Randy spoke to the student Christian union at Moi University and to “youths” on Christian holiness and purity, and upon the Great Commission.

Prayer and Praise

↑ Thank you for praying for the Kenya trip. It appears that several among the Team have had their lives directed in some way because of it, and it’s likely that ongoing assistance to various

African ministries will result. No serious health problems developed and we were kept safe. We felt the intercessory prayers! Thanks to all who remembered us.

↑ Please pray for God’s

provision of an assistant Director for RMN. There is much opportunity for ministry, but more workers are needed. We’d like to provide more mobilization resources and ministry trips for the Black community. We could also use some volunteer office help.

↑ Please pray for several more to go with us to India on Sept. 30, and for God to provide many to serve there.

↑ Jim has become professor of record for the Chattanooga “Perspectives on the

World Christian Movement” seminar, developed by the US Center for World Missions. The 15-week class begins in late August. Pray for African Americans to come.

Hattie Riley prayed for 200 who visited the Eldoret medical clinic.

Nurse Betty Harris found her ministry—helping African children—and hopes to establish a medical clinic in Eldoret. Let us know if you'd like to help. Cistin Taylor, assisting.

Our medical workers and help-
ers saw many awful illnesses—
their work was not easy.
